Our vision & strategy

Our vision is to win in UK convenience food.

Our strategy

Growth: Our ambition to drive growth in an expanding food to go market rests on two core elements: broadening our product proposition and enabling consumers to buy more.

Relevance: Our strategy is to further deepen the relevance we have with our customers by driving returns through a shared value chain, by increasing value through our portfolio and by doing more for our customers.

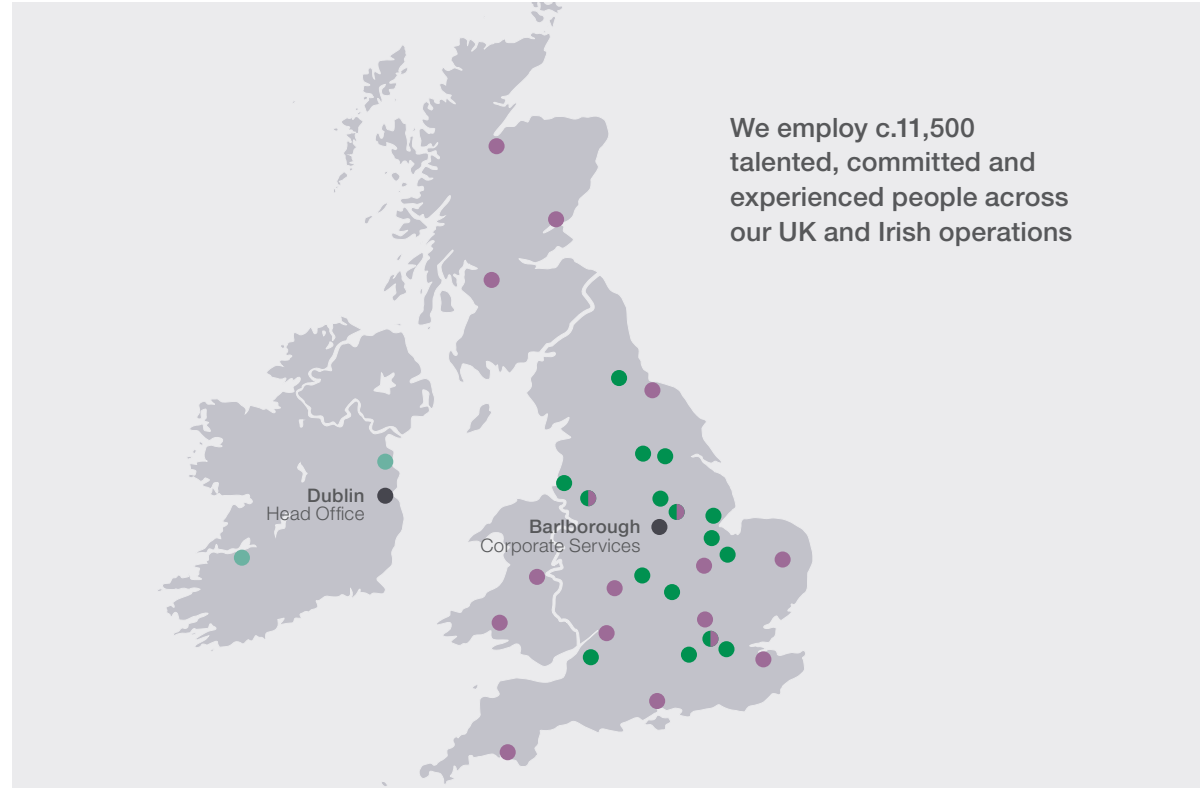

Differentiation: Achieving our strategic objective is centred on four key capabilities: Great Food, People at the Core, Greencore Excellence and a Sustainable Business.

We operate with a set of core principles that enable us to deliver our vision and strategy. We call this **The Greencore Way**.
