

June 2021

Manton Wood Business to Open Its Doors as it Welcomes Potential New Colleagues

Leading convenience food manufacturer Greencore is looking to hire up to 30 new colleagues at its state-of-the-art distribution centre on the Manton Wood Business Park in Worksop.

Adjacent to the Greencore manufacturing site, the depot already employs 220 warehouse workers and delivery drivers, and is looking for additional warehouse operatives, multi-drop van delivery drivers and HGV drivers to help meet demand as lockdown eases and demand increases.

It is holding a recruitment day and job interviews for potential candidates on Saturday 19 June.

Commenting on this expansion, Andy Rowe, Warehouse Manager at Greencore Manton 110 says; "We distribute chilled and frozen food products for convenience stores, travel retailers and the foodservice sector, so as the country moves out of lockdown we are seeing an increase in demand for our products, which is of course a good thing. This gives us a great opportunity to create up to 30 new driver and warehouse roles at the site and we are looking forward to welcoming potential candidates to our recruitment day from 10am on 19 June."

Anyone interested in attending the recruitment day should pre-book a slot on: 01909 512 926 or send an email to oskar.bialowas@greencore.com for a tour of the site, to participate in an interview and hopefully, depending on the outcome of the interview, come home with a job offer.

The Greencore depot is located on the Manton Wood Business Park in Retford Road, Worksop.
