

Edson Martins

Line Coordinator at Heathrow

Greencore is a place I can move further towards my career aims

My journey began with Greencore, when I joined through an agency in 2018 as a Production Operative, and soon after I moved into the Hygiene team as a Greencore colleague. I work well with my Team Leader, who noticed that I was a hard worker committed to my role and recognised my potential.

I really enjoy working at Greencore, they understand that my priority is to best support my family, so they are flexible with me, and they know just how important having a healthy work life balance is for me. I enjoy being able to see the results of my work, everyone I work with is friendly and I enjoy their company.

Throughout my career at Greencore, team leaders and line managers have supported my development. I was fortunate to be invited to join our Line Coordinator Programme and have recently completed my 12-month learning journey, which has helped me to engage my team, recognise potential in others, and deliver in my role. It's given me skills, knowledge and confidence, and I highly recommend it to others. I am still keen to develop and am always looking for ways to grow my skills. Greencore is a place I know I can move further towards my career aims.
