

Barinder Gahotra

Team Leader at Heathrow

We want you to succeed

I joined Greencore working as a Line Coordinator in 2021 and progressed my career by becoming a Team Leader in 2022. I really love my job and working in Production. It gives me the energy and motivation to work hard and face many challenges. I enjoy working with people and I try to keep them happy at work by supporting them and listening. I strive to be a great Team Leader and I know that I can get the best from my team if they are happy at work.

I am lucky to have a team who want to work hard and do a good job. I encourage my team to let me know if they want development and progress within Greencore. We offer training and support, and want you to succeed. When I asked my manager for support, they encouraged me and gave me the confidence to apply for a promotion. I would like to continue my development at Greencore and my goal is to become a Manufacturing Shift Manager.
