

## SECTION 172 (1) STATEMENT

The Company is a subsidiary of Grencore Group plc (the 'Group' or 'Grencore') and as part of the Grencore group of companies, the Company has adopted the Group's extensive processes that are in place to engage with our broad range of stakeholders which are integral to our success.

Oversight of the Group, including the Company, is carried out at Group level which is responsible for setting strategic priorities including supporting stakeholder engagement. As is usual with large companies, the Group delegates authority for the direction of the Company and the day-to-day management of the Company to the Group Chief Executive Officer and the Group Executive Team. To ensure alignment with the legal entity framework members of the Group Executive Team make up the directors of the Company, together with a finance expert. The Group promotes high standards of corporate governance throughout the organisation and the Company's Board upholds these standards. The Company's Board holds meetings as and when required to consider the impact of key proposals and material matters affecting its business.

The Board of Directors of the Company (the 'Board') is committed, both individually and collectively, to promoting the success of the Company through regular engagement with all stakeholders including our colleagues, customers and the wider community. The Board recognises the importance of maintaining strong relationships with each of our key stakeholders and understanding their needs in order to deliver value and build a better, more resilient and sustainable business. When making decisions, the Board ensures that particular regard is given to the following matters set out in s 172(1) (a) – (f) of the Companies Act 2006:

- The likely consequences of any decision in the long term;
- The interests of the company's employees;
- The need to foster the company's business relationships with suppliers, customers and others;
- The impact of the company's operations on the community and the environment;
- The desirability of the company maintaining a reputation for high standards of business conduct; and
- The need to act fairly as between members of the company.

The Board is aware that the Company's actions and decisions impact all of our stakeholders and it ensures that there is regular dialogue taking place with stakeholders, which is carried out by those most relevant to the stakeholder group or issue, and discussed appropriately in the boardroom.

Our relationships and regular dialogue with stakeholders continued to be of utmost importance during the period as we navigated our way through challenges presented by the cost of living increases and inflationary environment in the UK. The table below sets out the Group's and the Company's approach to stakeholder engagement as the Company follows the Group's processes, why stakeholders matter and how these stakeholders influenced key decisions made during the financial year. Our stakeholders can be confident that the contents of our corporate reporting reflect the frameworks for strategy, stakeholder engagement, governance, risk management and culture as established and consistent with the Group and overseen by the Board.
