Why Greencore?

Greencore is one of the UK's leading manufacturers of convenience food, with over 100 years of experience and a simple purpose: to make every day taste better.

Every day, our food reaches millions of consumers through the UK's major retailers and foodservice providers. With over 28,000 colleagues across 36 manufacturing sites and 21 distribution depots in the UK and US, we're investing in the talent, expertise and capabilities that will help shape our next century of success.

We're already home to some of the best talent in the industry. From operations, manufacturing and engineering to technical, commercial and central functions, our colleagues have the opportunity to learn from each other, develop their skills and build rewarding careers in a business where they can make a real impact.

Many of our leaders and specialists started their careers with Greencore - developing future talent is an important part of how we continue to grow and succeed as a business. That's why our graduate, undergraduate and apprenticeship programmes are so important, giving talented young people the opportunity to gain hands-on experience, learn from experienced colleagues and take the first steps towards a rewarding career with us.

What you'll be doing

If you share our values and passion for great food, this placement offers you opportunities, development, and support to help you learn and grow. You will acquire key skills in basic accountancy and finance, and from day one, you'll play a crucial role in the decision-making processes that drive our business forward.

Greencore and its recruitment partners never charge candidates any fees at any stage of the hiring process. Any request for payment relating to a job opportunity should be considered fraudulent.

This entry-level placement is ideal for undergraduates interested in gaining experience in a Finance role within a consumer goods company. We welcome candidates from all degree disciplines.

Successful placement candidates will also have the opportunity to re-join Greencore on our Graduate Programme, which is CIMA accredited, after completing their qualifications.

What we're looking for

The most important thing for us is a motivated attitude to develop your skills and a desire to learn more about Finance in the Food Industry.

To be considered for this placement, you must meet the following criteria:

- Undergraduate currently studying towards a degree (**Must be mid degree, not a mid-masters**)
- Experience working as part of a team
- Existing right to work in the UK (we are unable to sponsor visas for this placement)
- A clear motivation to deepen knowledge of the food industry, with a particular focus on partnership development and effective stakeholder management
- A desire to learn how food manufacturing works and to get into detail of:
 - o Factory performance reporting
 - o Commercial appraisal
 - o New Product Development costing
- An ability to demonstrate excellent analytical and numerical skills
- An ability to apply practical ideas and demonstrate your adaptability
- A willingness to study the CIMA qualification upon completion of your degree (as this is a requirement to join our Finance graduate programme)
- A full UK driver's licence and own transport is preferred and is mandatory for any Lincolnshire placements, as our locations and suppliers are not always readily accessible by public transport
- A curiosity to explore, learn, and show initiative
- At Greencore we put our people at the core. We celebrate their differences and help everyone to be themselves at work. Together we make every day taste better.

Greencore and its recruitment partners never charge candidates any fees at any stage of the hiring process. Any request for payment relating to a job opportunity should be considered fraudulent.

If this sounds like you, join us and grow with Greencore, and be a part of driving our future success.

What you'll get in return

- You will work with an experienced line manager who will conduct regular performance reviews and support you through a skills checklist to ensure your development.
- Assuming everything progresses as planned, Greencore will assist you in identifying the right career opportunities upon completing your degree. This could include direct entry roles or positions within our Graduate programmes.
- From day one, you will take responsibility for your work area and personal development, with comprehensive on-the-job training provided.

Throughout your time at Greencore, you will be supported with on-the-job training and development opportunities to further your career.

What's next:

Once you have submitted your online application, it will be reviewed to ensure you meet the required criteria. If you meet all the requirements and are selected to progress, you will move on to Stages 2 and 3: an automated online video interview and online aptitude testing.

Once both stages have been completed and reviewed, successful candidates will progress to the final stage: an in-person assessment day, held at one of our sites or another designated venue.

"We reserve the right to close this advertisement before the stated closing date."

Greencore and its recruitment partners never charge candidates any fees at any stage of the hiring process. Any request for payment relating to a job opportunity should be considered fraudulent.
